FIELD NR TJ TROUSERS

The Field NR TJ Trouser, along with the other components of our tropical uniform, is part of a popular range of clothing for warmer climates thanks to the very high level of comfort they offer. The fabric blend combines fast-drying time and durability; ideal for tough operations in hot conditions. The large buttons make it easy for you to close the pockets and secure your gear. We have minimised the use of zips to reduce the risk of cuts to hands which can cause infection in humid climates.

FUNCTIONS

- Pre-shaped knees
- Zipped side pockets offering additional ventilation
- Leg pockets with large buttons to easily close the pocket
- The leg opening has lacing at the bottom and gives the opportunity to close tightly around the ankle
- Lacing at the waist enables a comfortable fit regardless of the layers worn.
- No melt no drip
- UV/ VIS/ IRR
