

# CR FR UAC SHIRT

A lightweight and comfortable flame-retardant cut-protection UAC shirt made of stretchy material with a high zippered collar. The cut-protection material covers the arms, shoulders, neck, upper chest, and upper back. The bottom part is sewn in a thin FR material. The sleeve cuffs are adjustable, and the practical sleeve pockets close with zippers. The fiber in the protective fabric may be felt on sensitive skin, in which case, wearing a thin garment underneath is recommended.

## FUNCTIONS

- Velcro at sleeve cuffs for width adjustment.
- Pockets on both sleeves with zipper closure.
- Velcro patches on both sleeves 10x10cm.
- Material for sleeves and shoulder section tested according to:
  - EN 388 Cut resistance Level 5
  - EN 388 Tear strength Level 5
  - EN 15025 Afterflame time < 2 s
  - EN 15025 Afterglow time < 2 s
  - EN 15025 Melting No
  - EN 15025 Hole No
