BOUNCE JACKET

Lightly insulated thermal jacket that can be used separately spring-autumn or as underlying insulation in colder climates. One of the great things about the product is that it absorbs almost no moisture, which gives the product an extremely fast drying time.

FUNCTIONS

- Soft and protective collar
- Internal hanging strap at neck
- Full zip opening
- Garage for zip runner in upper edge front
- 2 large zipped chest pockets
- Internal cell phone pocket and pen pocket in the chest pocket
- Zipped side pockets
- Adjustable hem with elastic cord and stopper
- Elastic cuffs
- Pre-bent sleeves
- Internal name tag
- Light and strong polyamide ripstop with well-balanced windproofing ability and air permeability
- Microfibre insulation material for effective insulation
- The padding is strong and recovers well
- Low weight and small volume make the garment easy to pack
- No continuous quilting stitches to reduce cooling flow
