

# CAM-NET PERSONAL

A personal camouflage net with thermal protection properties designed to fit the individual operator's equipment. The net has perforated edging so that several net can be linked if a larger camp or operational space needs to be built. This is easily done with a strong plastic wire. This net is also double-sided, which means greater flexibility and more versatility. The front side is 3-dimensional and provides good camouflage in forest environments, while the rear is 2-dimensional, which works better in mountain terrain, archipelagos and along coastal stretches.

## FUNCTIONS

- Reversible
- 3D & 2D
- UV/VIS/IR/TIR
- Thermal protection
- Dimensions 2 x 3 m

## FACTS

<b>Article no.</b>	203080524
<b>Sizes</b>	2 x 3 m
<b>Colors</b>	0680 Woodland
<b>Material</b>	Fabric: 100% polyester
<b>Other</b>	Weight : 1400 g

## WASHING INSTRUCTIONS
