5-FINGER GORE-TEX GLOVES

A warmly lined 5-finger glove with a Gore-Tex membrane that makes it waterproof and well-ventilated. Made from durable goatskin with a tough and stretchy softshell material on the back. The neoprene cuff provides a comfortable fit around the wrist and helps retain warmth inside the glove. It is suitable for winter activities with slightly higher work intensity.

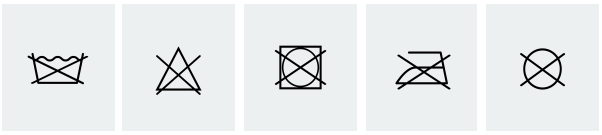

FUNCTIONS

- Elastic at the wrist
- Neoprene cuff with hook-and-loop closure
