CARE AMB TROUSERS

Comfortable and practical trousers made from tightly woven stretch poplin with an excellent fit. The main fabric is wind- and water-repellent, making the trousers both comfortable and durable, while the stretchy, hard-wearing reinforcement fabric protects the knees and seat. The trousers offer functional storage with bellowed pockets, a zippered storage pocket, and dedicated phone and radio pockets. They are ideal for those who frequently work on their knees, thanks to our 3D system with pre-shaped knees for enhanced comfort and mobility. PFAS-free.

FUNCTIONS

- Waistband with belt loops, D-rings, and button closure
- Adjustable waist with elastic and hook-and-loop fastening
